

Cross line laser

Quigo

Quigo – the ingenious little cross line laser

[Go to product](#)

Key product features

- Simultaneously projects a horizontal and vertical laser line
- Self-levelling, i.e. always 100% straight
- Super-easy handling

Other product advantages

- Can be fixed anywhere using the clamp that comes complete with the tool

Comes complete with

- MM 2 (ET no. 0 603 663 101)

Part number: 0603663101

EAN code: 3165140606240

Cross line laser

Quigo

Technical data

Working range, approx.: 5 M

Laser diode: 635 nm

Laser class: 2

Accuracy: $\pm 0,8$ mm/m

Weight: 0,25 kg

Battery: 2 x 1.5 V LR03 (AAA)

Functions

Laser technology

Maximum precision when working

Laser function: cross lines

Perfect wall design at a right angle
