My Book Duo

Premium RAID Storage

Product Features

Dual-drive performance with up to 290 MB/s data transfers.*

Designed for performance, you can transfer your entire media collection onto My Book Duo with ultra-fast transfer speeds.

Massive capacity to hold all your large media files.

With up to 8 TB of capacity, you can consolidate and save your entire photo, video and music collection, and other important documents on this storage vault.

Speed and security with hardware encrypted RAID.

256-bit AES hardware encrypted RAID provides maximized bandwidth for sustained performance and reliability while encrypting your important data for ultimate security.

Multiple data management options.

Preconfigured to RAID 0 for maximum performance and capacity out-of-the-box, with the option of setting RAID 1 for maximum protection or JBOD to use the drives individually.

Complete backup solutions to secure your data from loss.

My Book Duo offers a comprehensive suite of backup options to help protect your media collection and important files with local, cloud and system-level backup.

Ultimate security with password protection.

Keep your private stuff private. Protect your sensitive data from unauthorized access with password protection.

Expand capacity and organize your workspace.

Two additional USB 3.0 ports allow you to connect an additional drive for increased storage capacity, with the other port available to simultaneously charge your smartphones, tablets or other USB devices.

Configure, manage and diagnose your drive.

With WD Drive Utilities™, you're in complete control. With this software you can run drive diagnostics, manage RAID configurations, erase and format your drive, register your drive and more.

Easy to set up, easy to use.

Ready to use right out-of-the-box with pre-formatted NTFS for Windows® OS users. The drive can also be easily reformatted for Mac® OS X.

Ultra-reliable with WD Red™ drives.

My Book Duo ships with integrated WD Red hard drives, designed and tested for reliability and optimal performance in small RAID environments.

User serviceable enclosure.

Ready to upgrade your drives to expand storage capacity? With the simple push of a button, pop open the enclosure and insert new drives with ease. No tools required.

* Read speeds (MB/s) for HD video. Performance testing by WD resulted in actual transfer rates of 290 MB/s on 4 - 8 TB systems. Performance may vary based on operating system and hardware configuration.
