

## Roku® Streaming Stick™ (Model #3500EU)—Setup Information (UK)

### Item description

Plug in, and start streaming loads of entertainment to your TV with the Roku Streaming Stick. Enjoy 500+ channels with the best selection of films, TV programs, music, news, sport, kids' shows and free programming -- all in up to 1080p\*. Control your entertainment from your smartphone with the free Roku app, or use the included remote that everyone can share. Even cast videos from mobile apps, such as Netflix and YouTube, from your phone straight to your TV. You'll fall in love with the simplest, speediest streaming experience out there. The all-new Roku Streaming Stick—it's the stick that streams the most.

\*Availability of 1080p HD video limited by channel provider and speed of broadband connection.

### Key bullets

- **Compact stick design.** Plugs discreetly right into the HDMI port. Great for wall-mounted TVs.
- **500+ entertainment channels and counting.** By far the most films, TV programs, sport, news, music and kids' programming of any streaming player.
- **Control with remote or mobile.** You can choose to control your entertainment via your iOS® or Android™ device. Or use the included remote that everybody can share. It's your choice.
- **Send to TV from mobile.** Use mobile apps, such as Netflix and YouTube, to cast videos from your phone straight to your TV.
- **Stunning HD video quality.** Immerse yourself in the action with rich, vibrant video streaming up to 1080p\* HD.
- **Display personal media.** Share your own home videos, photos and music stored on your phone with the free Roku iOS and Android app.\*\*
- **Extended-range wireless.** A robust dual-band wireless connection seamlessly streams video with ease and speed.

\*Availability of 1080p HD video limited by channel provider and speed of broadband connection.

\*\* Video playback is limited to iOS and select Android devices.
