# **Non-Stripping** Multi-Connection Wire Connector multicomp

## **RoHS Compliant**

#### Features:

- No need to remove wire insulation
- No need to splice the wires
- No need for taping
- Water and dust resistant (IP 33)
- Absolutely free from electric shock
- As easy as 1-2-3 operation
- Accommodate all kinds of electric wires

### **Technical Specification:**

AWG         13 ~ 12           Connection Method         Caged wire clamps without stripping & splicing           Number of wire         1 or 2           Connection Method         Auto strip and connection in connector           Wire type         Solid and/or Stranded           Waterproof status(IP)         IP 33           Measured voltage EN(V)         600           Connector type         I Type           Measured shock voltage (kV)         12           Connected Loss (Ohm)         0.0001           Maximum Current (A)         20           Tensile strength (NT)         263           Weight (g)         2.5           Colour         Green           Height (a : mm)         7.7           Width (b : mm)         7.7           Width (T-type) (d : mm)         -           Depth (c : mm)         36           Strip length from (mm)         10           Strip length to (mm)         13           Connection points         9		1
