

Oktapad™ Eurocard Prototyping Board: RRB- 007

Description

Oktapad™ Eurocard Prototyping Board: RRB-007 Single Eurocard- 3U Eurocard Double Sided Single Height - 100 x 160mm

- Unique Oktapad™ format circuit board
- With colander ground plane for maximum screening
- General purpose prototyping PCB or PWB
- Octagonal style pads for design flexibility
- Can be used with Roadrunner®, wire wrapping or discrete component wiring
- Silkscreen reference component side

Specifications: Material Blue epoxy glass or FR4

Board thickness 1.6mm

Connector pattern to DIN41612

Hole matrix 2.54 x 2.54 (mm)

Hole size 1.02mm

Copper Thickness 1oz/ft² or 35 microns or 305g/m²

Compatible DIN 41494
