Overview

3M™ TEKK Protection™ Construction Safety Vest, used for road work, construction, crossing guards and more, is available in fluorescent yellow with 2" 3M™ Scotchlite™ Reflective Material - 8906 silver fabric trim - making it the wearer visible from 360 degrees during the day and at night. The lightweight, breathable mesh construction and adjustable straps help ensure that the vest is comfortable and customizable. The five point tear-away system makes it easy to remove in an emergency situation while the two large interior pockets provide the wearer with portable storage. It also meets ANSI/ISEA 107-2010 Class 2 and Federal Highway Mandate - 2009 Manual of Uniform and Traffic Control Devices. 3M™ TEKK Protection™ Construction Safety Vest is great choice in high visibility, reflective clothing for professional.

- Use for road work, construction, utility work, crossing guards and more
