Product description

- Ultra slim, designed to fit in and around tight spaces
- Continuous fabric sheets for constant non drip protection
- PVC stay dry face, so trapped water cannot damage surfaces
- 5 year + shelf life if kept dry
- Typical uses include but are not limited to:-
 - hanging basket liners, to provide 1 3/4L of water to plants to keep them from drying out in summer when people are on holiday
 - small pet bedding or seat cover to prevent accidents leaking through
 - flexible leak catcher, to help prevent water damage from leaking appliances, as you drain radiators ...
 - soft cold pack, pop a wet pad in the freezer for a cold pack to keep food and drink chilled or reduce bruising...
 - protect paintwork surfaces from antifreeze top up spills
 - wrap around items that may leak a water based liquid when travelling
