USB3-HD2.5S-BC

2.5-inch
USB3.0
Hard Disk
Enclosure

Your pocketable data storage solution - just add your own hard disk

Windows(tm) USB storage

Mac(tm) USB storage

Movie & audio storage

Backup & restoring

Utilise USB3.0 speeds with your existing 2.5-inch hard disk

Looking for faster backups, movie streaming without buffering or faster data transfers?

The new **USB3-HD2.5S-BC** is a stylish, passively cooled aluminium manufactured enclosure using the very latest SuperSpeed(tm) USB3.0 interface, meaning data transfers are up to *x10* quicker than older USB2.0 systems.

Moreover, the results are instant. Backup times for data are quicker, HD movie streaming is fluid and without that annoying buffering and moving large files such as images and the like are now lightning fast.

Don't have USB3.0 just yet? No problem. The USB3-HD2.5S-BC is backward compatible with your USB2.0 ports so you can enjoy the best of both worlds, USB2.0 and USB3.0

Self-powered by the supplied quality ISB3.0 cable and totally pocketable, its an ideal solution for breathing new life into your old 2.5-inch SATA hard disk. Fully Plug n' Play, ideal for Windows(tm), Mac(tm) and so easy to setup, even a child can manage it!

specifications:

SuperSpeed USB3.0 - up to 5Gbps transfer speeds

Up to *x10* faster data access and backups than USB2.0

Fully backward compatible with USB2.0 computers

Self-powered by USB data cable - no power block needed

Running in seconds - just slot in your 2.5-inch SATA hard disk*

No messy drivers to install - totally Plug n' Play

Ideal for Windows(tm), Mac(tm) OS X, Linux(tm) etc

Supports most third-party backup storage applications

Watch movies, listen to music - and keep it in your pocket

* Max height of HDU approx. 11mm
