# Wireless Streaming Storage

Buffalo's MiniStation™ Air 2 (HDW-PDU3 series) is a battery-powered Wireless Hard Drive that enables users to greatly expand their storage capacities without the hassle of wires, cables, or an internet connection.

Buffalo's MiniStation™ Air 2 uses integrated WiFi to create its own hotspot and stream data to and from your Smartphones and tablets. And, with DLNA, the MiniStation™ Air 2 also streams to any DLNA-ready device for quick access to up to 1 TB of portable storage. It's perfect for storing and streaming multimedia content such as movies, music, and photos, and if an internet connection is available it's also possible to simultaneously stream music or films while surfing the web.

The HDW-PDU3 has up to 12 hours of battery life for streaming, or, can even double as a smartphone charger.

The MiniStation™ Air 2 is sleek and compact, and Buffalo™ also offers re-designed and optimised free mobile apps for iOS and Android®. If users want to directly connect the MiniStation™ Air 2 to a PC or Mac it's ready-to-go with SuperSpeed USB 3.0.

With integrated WiFi, DLNA, and available capacities of 500 GB or 1 TB, the HDW-PDU3 lets you easily have all your data, wherever you go!
