

Cable Tie

Heat Stabilized

pro-POWER

RoHS
Compliant

Description:

High temperature cable ties are made of specially formulated materials providing various levels of temperature resistance and performance. The cable ties feature inside serrations providing a positive hold onto wire and cable bundles. The head design guarantees high tensile strength, as well as a low insertion force. The bent tail design allows quick and simple installations by hand.

Features:

- Heat stabilized cable ties provide excellent resistance to high heat exposures.
- Inside serrations allow for strong hold on cables and wire bundles.
- Head design provides high tensile strength with very low insertion force.
- Bent tail ensures a quick and simple installation.

Specifications:

Material	: Polyamide 6.6 heat stabilized (PA66HS)
Material Shortcut	: PA66HS
Colour	: Black
Tie Closure	: Plastic pawl
Variant	: Inside serrated
Halogenfree	: Yes
Operating Temperature	: -40°C to +125°C (-40°F to +257°F)

Product Dimensions

Min. Tensile Strength (imperial)	: 18lbs
Min. Tensile Strength (N)	: 80N
Length	: 83mm (3.27")
Width	: 2.3mm (0.09")
Bundle Diameter (Min.)	: 1.5mm (0.06")
Bundle Diameter (Max.)	: 16mm (0.63")
Packaging	: 100 to Bag
