THERMAL LABELING SYSTEM

Brady's TLS2200® Thermal Label Printer is a rugged, portable, and easy-to-use labeling solution. With crisp, thermal-transfer quality printing and a variety of durable materials, you can create custom labels for the most demanding applications including product barcode ID, electrical and datacomm marking, laboratory ID, security ID, and more.

- Permanent, Quick, Crisp Labels
- Built-in Electrical and Voice/Data Symbols
- Autotext Sizing TLS 2200® reads your label size and style, selects the most suitable type size, and instantly registers it for printing
- Variable Font Sizes from 1 (4 pt) to 19 (72 pt)

Your Complete Printing Solution:

TLS 2200 Material Rolls.....Page 38 TLS 2200 Print Ribbons.....Page 67

Part Number	Description
TLS2200	Printer*
113340	Printer* with Brady®360 Plan
TLS2200-AC	AC Power Supply
TLSHM-QUICKCH	Battery Quick Charger

*Printer purchase includes hard case, battery pack, battery charger, test labels (PTL-19-423), R6210 ribbon, cleaning strip, communications cable, manual, Quick Start Guide and 1 year Limited Warranty.

Brady 360[®] Replacement Printer Plan

supplements the Limited Warranty already included with your printer purchase. This Replacement Plan allows you can return your qualified printer for a replacement printer within the first 12 months of purchase. You must purchase the replacement program at the time of printer purchase in order to receive benefits.

*Printheads are covered. *Limit of two printers in the first 12 months of initial purchase.
