

Flat Cable Clips

Product Type:

Flat Cable Clips (suitable for a range of wires)

Application:

Choose from a range of popular sizes of grey, clear and white cable clips with inserted fixing nail (size of nail varies depending on size of cable clip). Thick steel nail prevents snapping and long length gives good pull out value. The clips boast good self-grip design and are made from high Grade Tough Polyethylene for low temperature flexibility. They also offer excellent stress crack resistance and chemical inertness. For internal and external use.

Code	Description	Pack Qty
