## ProVue **Slim LED** Magnifying Lamp

### Slim Elegant Design With Eco Friendly LED Illumination

Our ProVue Slim magnifying lamp features 45 high performance SMD LEDs operating at 4786K having an expected service life of over 20,000 hours. A 4.75" (120mm) diameter 5-diopter glass lens provides crystal clear distortion free viewing. The compact lamp head in which the lens is mounted is made of durable ABS plastic, having an integrated handle for quick and easy positioning. An internal spring balanced arm with 32" (812mm) of extension can be set in any position. Utilizing a double insulated 110V/240V power supply, the unit comes complete with mounting clamp and 5 foot power cord. ProVue Slim is protected by a 1 year warranty.

### Features

- Features 45 high performance SMD LEDs operating at 4786K having an expected service life of over 20,000 hours
