

Simco-ION 36" ScorplON3 Ionizing Bar with 11 Tungsten Emitters

The ScorplON3 is a high performance ion bar designed to meet the stringent requirement of semiconductor, medical device and other critical environments requiring static and contamination control. Its patented features offer the industry's lowest decay times while sustaining a limited offset voltage swing.

The ScorplON3 is excellent for both laminar and turbulent airflow environments. The air assist models allow for faster decay times and protection over greater distances in turbulent environments.

The optional IR remote allows complete adjustment of all bar settings and offers full metering and diagnostic feedback. Our optional computer interface program allows for remote access to the bar and its settings over your system network.

MFG Part Number	4011548
Length	36"
