

Remote Control Module for Tripp Lite Pure Sine Wave Inverter/Chargers

MODEL NUMBER: **APSRMSW**

Description

Tripp Lite's APSRMSW provides remote monitoring and control of Tripp Lite Pure Sine Wave Inverter/Chargers featuring a RJ-style connector. LED Indicator lights display power conditions, battery status, charger status and battery limits. The module includes mounting holes for multiple mounting options with supplied screws and anchors.

Features

- Provides complete remote monitoring and control of Tripp Lite Pure Sine Wave Inverter/Chargers
- Intuitive "traffic light" LEDs display a variety of operational information
- Attractive face plate for additional front-panel mounting options for RV, marine or vehicular detailing
- Remote cord allows you to locate remote module virtually anywhere within your vehicle or boat
