**Overview**

The LM540v2 has a wide range of uses due to the huge range of profiles the adapter can work with, its exceptional distance will allow users to connect at distances not available before now.

Other similar products use external power sources or are twice the size.

LM540v2’s small overall footprint allows users to plug the adapter into a laptop without it being too bulky. Users will be able to connect Bluetooth headsets at distances that were unobtainable before.

Making internet telephone calls up to 100m away from your notebook or PC.

The LM540v2 has also been fully tested with all of LM Technologies Bluetooth range and allows users to connect LM048 and LM058 series products directly to the LM540 at far greater distances than ever possible before.

Packaging Options

SRP - Single Retail Pack
Part No 540-0545
1 x LM540-0542 Adapter
1 x LM251-1022 Antenna
1 x Retail Box

Single Adapter Bulk
Part No 540-0544
1 x LM540-0542 Custom Made.

AO - Adapter Only
Part No 540-0542

SRP - Single Retail Pack + IVT Key
Part No 540-0546
(Same as 540-0545 + 1 x IVT License Key).
1 x LM540-0542
1 x LM251-1022

Adapter + Antenna Bulk
Part No 540-0543

(540-0544)

AO - Adapter Only
Part No 540-0542

(540-0544)

FCC Warning Statement

This device complies with Part 15 and 15C of the FCC Rules. Operation is subject to the following two conditions:
1) This device may not cause harmful interference, and
2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 and 15C of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Installation and use of this device must be in strict accordance with the instructions included in the user documentation provided with the product. Any changes or modifications (including the antennas) made to this device that are not expressly approved by the manufacturer may void the user's authority to operate the equipment. The manufacturer is not responsible for any radio or television interference caused by unauthorized modification of this device, or the substitution of the connecting cables and equipment other than manufacturer specified. It is the responsibility of the user to correct any interference caused by such unauthorized modification, substitution or attachment. Manufacturer and its authorized resellers or distributors will assume no liability for any damage or violation of government regulations arising from failing to comply with these guidelines. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
Hardware Structure

1. LED Indicator.
3. USB Connector.

LED Functions

LED Red
- LED is permanently on - Power on
- LED is off - Power off

LED Blue
- LED is flashing slow = Bluetooth is searching
- LED is permanently on = Bluetooth is connected

* Green LED will be added in a future update.

Dimensions

- Width: 39.5mm
- Length: 98.5mm
- Height: 13.8mm
- Thickness: 13mm

**LM540v2**

Product: LM540v2
Part No: 540-0542
Revised: 16/12/2014

www.lm-technologies.com | sales@lm-technologies.com

+44(0) 207 428 2647
Revision History

1.0 05/JAN/2011  First version with new layout

1.1 15/OCT/2013  1. Updated datasheet as per new Hardware revision LM540v2
                2. Added FCC Warning Statement

1.2 16/DEC/2014  New Datasheet.

1.3 05/FEB/2015  Datasheet Updated.
