

FGA-40HQ - Ground Insulator

High-end ground isolator, for preventing signal interference and hum loops which may occur, e.g. when connecting the car radio to an amplifier.

- Gold-plated RCA jacks
- Input/output impedance: 12 k Ohm
- Frequency range: 20-30,000 Hz
- THD: < 0.001 %
- Transmission ratio: 1:1
- 42x29x96 mm, 110 g
