PROCESS/ PRODUCT CHANGE NOTIFICATION

This is to inform you that Micrel will modify the shipping tube for MSOP-8L and MSOP-10L products. The improved tube design is to reduce the unit jamming rate during test.

If you have any questions concerning this change, please contact:

NAME: Hank Chou

EMAIL: hank.chou@micrel.com

PHONE: 408-435-2422

TYPE OF CHANGE

Shipping tube change for MSOP-8L and MSOP-10L packages.

EFFECTIVITY

Effective now, MSOP-8L and MSOP-10L will be packed and shipped with the new tubes. Due to current inventory at Micrel and Micrel's distributors, customers could receive old and new tubes.

PRODUCT ID (DESCRIPTION)

This change affects MSOP-8L and MSOP-10L parts. Please refer to the attached Excel file "Part list for PPCN 130007 MSOP Shipping Tube Change" for the affected part list.

DESCRIPTION OF CHANGE:

This is to modify shipping tube for MSOP-8L and MSOP-10L. The improved tube design is to reduce the unit jamming rate during test.

EFFECT OF CHANGE

There is not change in form, fit, and function of the products. Other than the shipping tube dimension change, there is no change in the tube ESD rating and manufacturers. Please refer to the attached files for the detail dimension drawing of the new versus current shipping tubes.

QUALIFICATION

Not applicable.
