

CCTV Warning Signs

NEW! Pre-Printed CCTV Warning Signs... No Over Printing Required!

Our signs are highly visible with the bright yellow and simple design which makes you instantly notice them. Our CCTV signs come Data Compliance ready and the customer simply registers the sign at www.whoiswatchingme.org, making it easy to update their details in years to come without buying new signs. This offers a much cheaper alternative to costly personalised signs.

Register the signs online at: www.whoiswatchingme.org

Pre drilled holes for fast & neat fixing.

www.whoiswatchingme.org allows easy registration of multiple signs to one scheme operator.

Weatherproof for indoor or outdoor use!

On-line registration makes it easy to update contact details in years to come without buying new signs.

Tough but flexible polypropylene, it won't chip or shatter when screwed down.

No need to buy costly personalised signage using this scheme, you can buy your signage in bulk and register it later.

NEW technology ink gives high fade resistance for long term outdoor use.

Rounded corners to help with safety regs.

Choose from A4 (eye level) or a larger A3 format, great for passing vehicles.

Yellow and black design to indicate a WARNING message!

Much lower cost than personalised signs!

The QR code (Quick Response) code makes easy scanning for the public to find the scheme operator in seconds.

QR code design scans in seconds on a mobile phone or tablet device.
