NEW! Clear and Colored Tape Labels

At last, a label printer designed for electricians and the way they work.

T&B's EZL-100 Label Printer packs everything you need for fast, simple labeling of wires and much more.

- One-touch Hotkeys create labels instantly for advanced Wire Wrapping, Terminal Blocks, Device Covers, Patch Panels, and Labels in a series
- Symbols for commonly used electrical and datacom applications including ohm, ground, phone, data and fax
- Five Print Sizes including XS, S, M, L and XL
- Horizontal and Vertical print orientation
- Automatically Underlines 9 to prevent confusion on wire and cable
- Memory automatically recalls last label created and stores up to eight custom labels
- Auto-shutoff saves battery life by turning power off after five minutes (if idle)
- Backlit Display can be turned on in low light conditions
- Multiple Line Printing permits up to four lines per label
- Barcode Printing of two of the most commonly used barcodes — Code 39 and 128
- Durable/Non-smearing thermal transfer technology
- Multiple Power Sources use six "AA" batteries or AC adapter (not included)
- Large Display with 2-line x 15 character views (30 characters total)

Specifications

Dimensions:	4.5" (114mm) wide x 8.3" (212mm) high x 2.8" (70mm) deep
Weight:	2.0 lbs. (890 grams)
Power:	9 volts DC, using 6 "AA" Batteries or AC Adapter

Ideal for Heat-Shrink Applications

Great for General Labeling

NEW! High-Visibility Indoor/Outdoor Vinyl Label

NEW! Clear, Professional, Seamless Labeling

## No-smear thermal label printing on a wide variety of quality materials and colors!

- Ideal for printing of the most commonly used barcodes — Codes 39 and 128
- Perfect of identification of phone jacks, Ethernet connections, or any other office or industrial need
- Flexible Nylon Material — excellent for wire and cable wrapping on curved, textured and highly textured surfaces
- Permanent Polyester Material — good for general labeling on flat or textured surfaces
- Flexible Vinyl Material — resists oil, dirt, grime and solvents on smooth, textured or curved surfaces, indoors or out
- Nylon, Polyester and Vinyl labels feature EZ-Peel split back for ease of use and industrial-strength adhesive to stick and last
- Easy-to-use Heat Shrink Labels are made of flame-retardant polyolefin with a 3:1 shrink ratio for extra protection and insulation for wires and cables
- Heat Shrink Labels meet MIL-DTL-23053/5 classes 1 and 3
- Comes in White, Silver Metallic and Clear Permanent Polyester; White and Yellow Flexible Nylon; Red Flexible Vinyl; and White and Yellow Heat Shrink in assorted sizes

Easy Barcode Printing

*Great for Identification in Any Office or Industrial Setting*

Heat Shrink Labels Are Perfect for Rough Cable Surfaces

Perfect for Labeling Heavy Cables in Factory or Industrial Environments
