## Product/Process Bulletin Update **PBU-081814-AGA**

### Minimum order quantity change on 0805 All Dielectrics / 13" Reel

KEMET Electronics Corp. has maximized the quantity of the EIA 0805 case size capacitors on all 13" reels from 10,000 pcs to 15,000 pcs without affecting part designs or dimensions. The dimensions of the reel will also remain the same.

The purpose of this change is to help customers minimize the number of change-overs required on a pick-and-place machine, thereby increasing placement efficiency. Implementation of this PBU will be administered in three phases:

- Phase 1 Beginning October 13, 2014
- Phase 2 Beginning October 20, 2014
- Phase 3 Beginning October 27, 2014 (\*Any new part number set up will be cover on this phase)

To Obtain Samples and for general information:

Ana Garza  
 Product Management SCBG: Ceramics  
 (956) 982 4644  
 AnaGarza@kemet.com

Please note that the old MOQ will not be available once the Implementation is complete and the new MOQ will automatically be substituted. Below is a complete list of affected part numbers active on KEMET system. For a complete list of all available part numbers affected by this PBU please refer to the supporting file:

[KEMET part types PBU-081814-AGA.xls](#)
