

Product Overview : Fonerange SOS Rugged Sim Free Unlocked - Green

Detailed Product Description:

The handset is shockproof, waterproof and dustproof so will be protected in case of any mishap. A Quad band handset that will work worldwide, which will also take 2 SIM cards. So if you have a work SIM and personal one there is no need to have 2 mobile phones.

The handset has a 2 inch screen that makes everyday use a breeze and with handy features like FM radio, alarm clock, Bluetooth and a video player, there is plenty to offer to suit your every need.

The handset has an SOS button in case of an emergency. The large character display and large keypad and speaking keys make this perfect for the elderly or visually impaired.

If taking pictures is your thing, then this handset has a camera to allow pictures on the move.

The handset also has a built in torch, which can come in useful at night.
