

Features:

- ESD-safe durAstatic tool box
- Includes inner lift-out tray for added storage
- Permanently embedded with static dissipative properties
 - No surface coating to rub off
- Size: 14.5" (0.37 m) x 7.5" (0.20 m) x 5" (0.13 m)

Electrical Properties:

- Rs: 1×10^5 to $< 1 \times 10^{11}$ ohms per ANSI/ESD STM11.11

Item	Description
VER-27018	Yellow Durastatic Dissipative Tool Box

VER-27018 with filled inner lift-out tray

"It should be understood that any object, item, material or person could be a source of static electricity in the work environment. Removal of unnecessary nonconductors, replacing nonconductive materials with dissipative or conductive materials and grounding all conductors are the principle methods of controlling static electricity in the workplace, regardless of the activity." [ESD Handbook ESD TR20.20-2008 section 2.4 Sources of Static Electricity]

*Unless otherwise noted, tolerance $\pm 10\%$
Specifications and procedures subject to change without notice.*
