

HARWIN

New Product Announcement

Removable Jumper Links

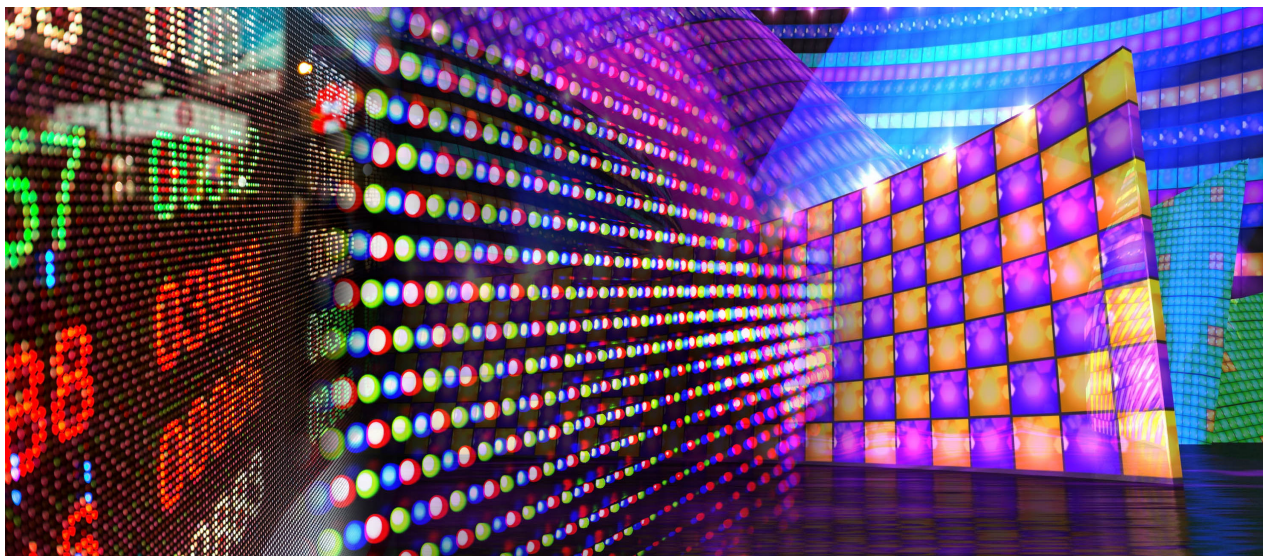

Features

- Cost effective method of connecting adjacent PCBs
- Allows fast and easy jumper link removal for maintenance
- Available in vertical and horizontal configurations
- Connecting bars available in 15mm and 23mm lengths
- SMT bar clips packed in tape and reel

Benefits

- Allows user to easily connect adjacent PCBs
- Vertical and horizontal configurations offer maximum assembly flexibility to the user
- Easy to replace defective PCB without disturbing neighbouring modules
- Tape and reel packaging for automated assembly

Applications

- LED Lighting
- Compact PCB designs
- Communication systems
