i9040

Compact
Smoke Alarm

DESCRIPTION

Compact (4-inch, 10cm), battery-powered smoke alarm for use where space is limited – it uses an ionisation sensor to detect fast-flaming fires that can burn combustible materials quickly and without warning.

KEY FEATURES

- **Combined Test/Hush™ button** allows regular testing of alarm function and can be used to temporarily silence nuisance alarms

- **Battery operation** – 9V battery supplied as standard

WHERE TO USE

This small, easy-to-install battery-powered unit is ideal for use anywhere in the home and provides effective additional protection when used alongside other smoke alarms.
