The Essential Guide to Detection

A selection of the top selling products for simplicity in selection

OEM's

with **Osiconcept®**
 Improve performance by making your machines less complicated and more intelligent.

Introducing Telemecanique's major innovation:

Osiconcept®
 Offering simplicity through innovation

Distributors

with **Osiconcept®**
 Improve customer expertise with an efficient product line offering simplified selection and improved selling potential.

A worldwide detection first for improving productivity.

A complete offer for resolving your most commonly encountered detection problems:

- product selection simplified
- product availability simplified
- installation and setting-up simplified
- maintenance simplified
- detection simplified using a single supplier.

Improved simplicity for improved productivity.

Users

with **Osiconcept®**
 Improve performance by reducing maintenance time with products that are simpler and unequalled in flexibility.

Select the sensor according to your specific requirements

“Universal” series:

Multi-purpose products providing multiple functions. Also includes

Osiconcept® products.

“Standard” series:

Designed for designated and repetitive functions.

“Application” series:

Offers functions specifically for specialist needs, thus providing the ideal solution for your more complex applications.

Osiconcept®

A complete range of innovative and simple to use sensors.

Osiris Photoelectric Sensors

Page 4

A single product that automatically adapts to all modes of sensing

Detects any target regardless of material or shape.

- Detection from a few millimeters to several tens of meters.
- Accessories
- Products for specific applications

A simple press of the teach button automatically configures the sensor for optimal performance in any condition.

Osiprox Inductive Proximity Sensors

Page 14

A single product that automatically adapts to all mounting environments

Detection of metal targets, in or out of metal surroundings.

- Sensing distance/object ≤ 60 mm
- Cylindrical and rectangular body styles
- Specific products for particular applications

A simple press of the teach button automatically configures the sensor for optimal performance whether mounted in or out of metal.

Osiswitch Limit Switches

Page 24

More than 5,000 interchangeable configurations within 24 hours

Detection by contact with rigid objects

- Positivity of electrical contacts
- Object speed ≤ 1.5 m/s
- Specific products for particular 3D applications

One type of metal operating head for 5 different bodies. Modularity also in connections and contacts.

Ultrasonic Sensors

Page 21

Detection using sound waves

- Sensing distance up to 1 meter

Capacitive Proximity Sensors

Page 22

Detection of any object or material

- Sensing distance/object ≤ 20 mm

Osiris Photoelectric Sensors

Osiconcept®
Offering simplicity through Innovation

A single product that automatically adapts to all environments.

Programmable NO / NC
NO: object present = output ON
NC: no object present = output ON

		XUB Design 18 plastic	XUB Design 18 metal
Max. Sensing Distance	Diffuse	11.8" / 30 cm	11.8" / 30 cm

Switching Capacity (mA) main output / alarm output		100 / -	100 / -
Common Characteristics		Supply voltage limits min/max (V) including ripple: 10...36	
Thru-beam accessory	pre-cabled (2 m)	XUB0AKSNL2T	XUB0BKSNL2T
	connector	XUB0AKSNM12T	XUB0BKSNM12T
	screw terminals, M16 cable gland	-	-

Sensors for AC or DC applications 10...36 Vdc / 20...264 Vac including ripple on dc relay output, 3 A

Connection: pre-cabled, PvR (2 m)			
T / R	programmable NO / NC with time delay	-	-
Connection: Screw clamp terminals			
T / R	programmable NO / NC with time delay	-	-
LED Output state indication (★) / power on LED (★)		-	-
Switching frequency (Hz)		-	-
Time delay(s)		-	-
Thru-beam accessory	pre-cabled, PvR (2 m)	-	-
	screw terminals, M16 cable gland	-	-

Also available in 18 mm 2-wire ac/dc version. Please see the 9006CT0101 Sensors Specification Guide.

90° head
All the above Osiris Design 18 sensors are available with integral 90° head.
Replace the "N" with a "W".
Example: For pre-cabled versions: XUB1APANL2 becomes XUB1APAWL2.
For versions with connector: XUB1APANM12 becomes XUB1APAWM12.

Connector innovation

New, innovative connector that is universal, simple and fast.

For all Telemecanique brand sensors with Snap-C compatible M12 connectors (pointed pins):

- cabling to the required length without using a screwdriver or soldering iron.
- ready in just a few seconds, no stripping required.

The commitment of Schneider Electric **services**

"A single partner, worldwide presence: globalization for improved simplicity"

With over 5,000 sales outlets distributed throughout 130 countries, you are assured that our range of products can be found everywhere. Whatever your local standard requirements, products are immediately at hand that conform perfectly to the standards pertaining to the country in which they will be used.

The plus points of the Schneider Electric network

Logistical performance
Indispensable products available anywhere in the world, plus express delivery service

Advice
Service available for selection guidance related to your application.

Globalization
A single name, a global supplier in industrial control, innovative, customer service orientated.

... and tailor made
with products specifically designed for your profession and specialised application needs.
