In the present age of the mp3 and other digital audio formats, it can be easy to forget that turntable signals needs a little help before your mixer, or home entertainment system, can bring those memories back to life. Thanks to the MICROPHONO PP400 phono preamp, your turntable will get the boost it needs, and you can relive all those precious memories – or create some new ones!

## Long Live Vinyl

The ultra-compact PP400 features stereo RCA Inputs and Outputs, as well as a ¼" TRS Output jack. Thanks to the PP400's incredible low-noise operation, your vinyl records deliver sound exactly as it's read from your turntable's needle. We've also included the 12 V adapter you'll need to power this awesome little gem.

## Do Wonders For Your Wax

Vinyl is making a huge comeback, and it's time to get your wheels (or records) spinning. Just connect your turntable into the PP400, send a line out to your mixer or the Aux inputs on your home stereo – and take a spin on the freeway of retro-cool. For about the price of a couple of prerecorded CDs, you can experience the high-fidelity sound of real vinyl – the medium that single-handedly launched the rock 'n' roll revolution! See your [Behringer](#) dealer, or place your order online today – and take a stroll down Memory Lane!

## You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own [Music Group](#) factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous [3-Year Warranty](#) program.
