

RSF40 Series Compact Internal fitting

The RSF40 series is designed as a compact internal fitting device, with a wide range of options, making this ideal for size sensitive applications. Mounting of this series requires access to the inside of the

Typical applications include vending machines, commercial washing machines and evaporator units.

They are manufactured in a variety of materials with a choice of gasket materials, to suit most commonly used liquids.

The switch action may be reversed by rotating the device through 180°.

Available with flying leads or M12 socket for electrical connection. Cable sets with M12 plugs are also available.

Custom versions can be made for particular applications..

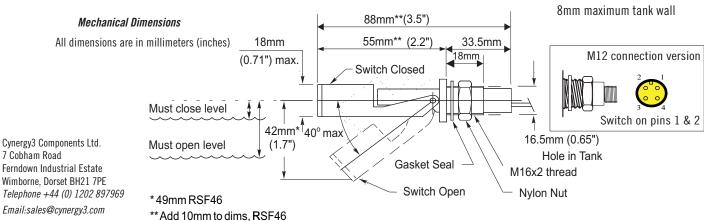

- Compact design
- Flying Lead or M12 plug connection
- Available in Nylon, Polypropylene or PPS
- 25VA & 100VAversions
- Many variants are UL recognised components File No. E171218
- WRAS Approved versions available
