

4-Port USB 3.0 Hub - USB-C to 1x USB-C and 3x USB-A - Includes Power Adapter

StarTech ID: HB30C3A1CFS

Here's an easy way to connect a wider range of peripherals to your USB-C enabled laptop. This 4-port USB 3.0 hub lets you connect both USB-C™ and USB-A peripherals to your laptop or desktop computer, through a single USB Type-C™ or Thunderbolt™ 3 port.

It's ideal for virtually any USB-C equipped laptop, such as your MacBook, Chromebook, Dell™ Latitude 11 5000 2-in-1, or Dell XPS 12.

Expand your USB connection options

This USB 3.0 hub lets you expand your USB connection options using the USB-C port on your computer. (USB 3.0 is also known as USB 3.1 Gen 1.) It offers one USB-C port and three USB-A ports, so you can connect traditional USB devices now, while still being able to connect the growing number of USB Type-C devices in the future.

The integrated, easy-to-use USB Type-C connector is small and reversible, which makes for easier insertions. You can connect the plug with either side facing up, which means less risk of damaging your ports, and less frustration.

Charge-and-sync your mobile devices

With three fast-charge ports, this hub can help to ensure that your tablets and smartphones are charged and ready to use when you need them. Each USB-A port supports USB Battery Charging Specification 1.2, so you can charge and sync up to three devices simultaneously. (The charge provided depends on the number of devices connected and the amount of power current each device draws. The hub's USB-C port does not support charging.)

Designed for versatility

This self-powered USB 3.0 hub comes with an external power adapter to support power-hungry USB devices, such as larger external hard drives and enclosures, which require more power than USB power can provide on its own. Plus, the versatile USB 3.0 hub takes up minimal space on a desk, so it fits perfectly in hot-desk or BYOD environments.

With its compact and lightweight design, the USB hub is also ideal for mobile use. You can simply tuck the hub and power adapter into your laptop bag to expand your connectivity when you're traveling.

Save time and money

Avoid the cost of purchasing new peripherals, by using this USB 3.0 hub with your current USB 3.0 and 2.0 devices. The self-powered hub installs quickly with no additional drivers or software required, and it's compatible with virtually all operating systems.

The HB30C3A1CFS is backed by a 2-year StarTech.com warranty and free lifetime technical support.

Applications

- Connect and operate USB devices that require additional power, using the included power adapter
- Leverage the USB-C port on your MacBook or other laptop to expand your USB connection options to include both USB Type-A and USB Type-C
- Perfect for home, office, and hot-desk environments
- Carry the hub with you while you're traveling, and connect virtually any USB peripheral wherever you go

Features

- Expand the connectivity of your USB-C enabled computer using the latest USB 3.1 Gen 1 technology
- Add both USB-C and USB-A ports to your USB-C port enabled laptop, MacBook, Chromebook, or desktop computer
- Simultaneously fast-charge up to three mobile devices — all three USB-A ports support USB Battery Charging Specification 1.2
- USB bus-powered and includes optional power adapter (for self powering)
- Compact design for easy portability
- Thunderbolt 3 data port compatible
- Fast, easy installation with broad OS support and no additional drivers required
- Backward compatible with older USB 3.0 and 2.0 devices
- Compliant with USB 3.1 Gen 1 and data rates up to 5Gbps
- Plug-and-play and hot-swap compatible

Technical Specifications

Warranty	2 Years
Bus Type	USB 3.0
Chipset ID	Genesys Logic - GL3522
Fast-Charge Port(s)	Yes
Industry Standards	USB Battery Charging Specification Rev. 1.2 USB 3.0 - Backward compatible with USB 2.0 and 1.1
Interface	USB 3.0
Interface	USB 3.1 Gen 1
Ports	4
USB-C Device Port(s)	Yes
USB-C Host Connection	Yes
Maximum Data Transfer Rate	5 Gbps
Type and Rate	USB 3.0 - 5 Gbit/s
Connector Type(s)	3 - USB 3.0 A (Fast-Charge; 9 pin; SuperSpeed) Female
Connector Type(s)	1 - USB Type-C (24 pin) USB 3.0 Female
Connector Type(s)	1 - USB Type-C (24 pin) USB 3.0 Male
OS Compatibility	OS Independent; No additional drivers or software required
Note	All ports support USB based video adapters including the USB-C port. This hub does not support DP Alt Mode (DisplayPort™ Alt Mode) - non-USB based native video support over the USB Type-C port.
Note	The hub does not support DP Alt Mode or USB Power Delivery.
Note	When USB-charged devices are connected to the hub, the provided charge output depends on the number of devices connected, and the amount of power current each devices draws. The hub's USB-C port does not support charging.
System and	Available USB Type-C port - USB 3.1 Gen 1 (5Gbps)

Cable Requirements	
Center Tip Polarity	Positive
Input Current	1 A
Input Voltage	100 ~ 240 AC
Output Current	4 A
Output Voltage	5 DC
Plug Type	B
Power Consumption	20 W Max.
Power Source	AC Adapter Included
Humidity	0%~90% RH (Non-condensing)
Operating Temperature	0°C to 60°C (32°F to 140°F)
Storage Temperature	-20°C to 60°C (-4°F to 140°F)
Cable Length	114 mm [4.5 in]
Color	Black
Enclosure Type	Plastic
Form Factor	Compact
Product Height	13 mm [0.5 in]
Product Length	75 mm [3 in]
Product Weight	33 g [1.2 oz]
Product Width	40 mm [1.6 in]
Shipping (Package) Weight	350 g [12.4 oz]
Included in Package	1 - 4-port USB 3.1 gen 1 hub with power adapter
Included in	1 - universal power adapter (NA/EU/UK/AU)
