

2m Thunderbolt 3 (20Gbps) USB-C Cable - Thunderbolt, USB, and DisplayPort Compatible

StarTech ID: TBLT3MM2M

This Thunderbolt™ 3 (20Gbps) cable lets you connect to any Thunderbolt 3 port (USB-C™) to deliver video and data to your Thunderbolt, USB, and DisplayPort devices. Plus, the cable can provide power for charging your devices, and you can link up to six Thunderbolt 3 devices as part of a daisy-chained connection.

Faster data transfers

This cable supports data transfer rates of 20Gbps when connected to a Thunderbolt 3 device, so you can transfer photo and video files at twice the speed of a USB 3.1 Gen 2 (10Gbps) cable. For example, you can transfer a 4K movie in less than a minute. When connected to a USB 3.1 device, the cable supports data transfer rates of 10Gbps.

Full 4K video

The cable supports full 4K 60Hz video and DisplayPort 1.2, and is compatible with existing DisplayPort displays. It's perfect for connecting your docking station or laptop to a monitor with astonishing resolution, contrast, and color depth for amazing detail.

Versatile power delivery

This Thunderbolt 3 cable delivers up to 60W of power for charging a laptop or powering a display, and 15W for

bus-powered devices such as a hard drive enclosure.

Thunderbolt networking

The cable gives you an easy way to bridge multiple Thunderbolt 3 enabled laptops for peer-to-peer 10GbE networking. It's perfect for setting up small workgroups and sharing peripherals such as printers and storage. You can also connect two Thunderbolt 3 laptops together for PC migrations.

A USB 3.1 cable alternative for longer connections

This Thunderbolt 3 cable can also be used as a USB cable for your USB 3.0 and 3.1 devices, with data transfer speeds of up to 5Gbps. And while regular USB 3.0 and 3.1 USB-C cables allow for a maximum connection of up to 1m, this cable allows for a connection distance of up to 2m.

The TBLT3MM2M is backed by a 2-year warranty.

Applications

- Connect to any Thunderbolt display or data device
- Connect your Thunderbolt 3 laptop to a docking station, and power your laptop at the same time, with the same cable
- Set up peer-to-peer networking for multiple Thunderbolt 3 laptops
- Connect, charge, and sync your USB 3.0 or 3.1 devices (for example, mobile devices, portable hard drives, and docking stations) with a USB 3.0 or 3.1 capable computer, with data transfer speeds of up to 5Gbps

Features

- Compatible with Thunderbolt, USB, and DisplayPort devices
- Supports 20Gbps data throughput
- Windows Certified
- Full 4K 60Hz video
- Single-cable docking while powering your laptop at the same time
- Daisy chain up to 6 devices

Technical Specifications

Warranty	2 Years
Cable Jacket Type	PVC - Polyvinyl Chloride
Cable Shield Type	Aluminum-Mylar Foil with Braid
Connector Plating	Nickel
Connector A	1 - Thunderbolt™ 3 USB-C (24-pin) Male
Connector B	1 - Thunderbolt™ 3 USB-C (24-pin) Male
Cable Length	2 m [6.6 ft]
Color	Black
Product Height	6.5 mm [0.3 in]
Product Length	2 m [6.6 ft]
Product Weight	84 g [3 oz]
Product Width	12.3 mm [0.5 in]
Package Quantity	1
Shipping (Package) Weight	92 g [3.2 oz]
Included in Package	1 - 2m Thunderbolt™ 3 (20Gbps) USB-C Cable
