

March 2, 2015

Dear Edwards Signaling Customer,

The following Edwards Signaling products are being discontinued effective immediately. Inventory has been built based on supply chain and raw material availability. Some inventory remains on certain items depending on recent demand. Once current inventory of these items has been exhausted, these products will no longer be available for purchase from Edwards Signaling.

Some of the products being discontinued have partial crosses to other Edwards Signaling products and some do not. Please review the attached cross reference list for those with potential replacement products offered by Edwards Signaling. Please review all the specifications of the original and cross referenced parts to ensure they meet your requirements.

If you have any questions regarding availability, please call customer service at 1-800-336-4206 or your local sales representative.

If you have any question regarding the cross reference applicability, please contact technical service at 1-800-336-4206 option 2.

Thank you and Regards,

Damian Gerardi  
Product Manager
