### Overview:

SpanSion LLC is announcing the qualification of an alternate assembly site, ASE Chung Li Inc., Taiwan, for assembly of all WSON and USON packages to ensure sufficient assembly capacity and increase flexibility, as a preventive action. Upon this qualification, all devices assembled in WSON and USON packages will be considered qualified by similarity. Additional future ordering part numbers (OPNs) assembled in these packages may be assembled at any qualified facility. The OPNs currently affected by this change are listed below. See below for details:

### Product Identification:

All OPNs for WSON and USON packages.

### Package Types Affected:

All WSON and USON Packages

### Description of Change:

Qualification of ASE Chung Li Inc., Taiwan as an additional assembly facility for all WSON and USON packages.

### Reason for Change:

To increase assembly capacity and flexibility as a preventive action.

### Application Impact:

There is no expected impact on application, function, use or quality and reliability. There will be no change to the datasheet.

### Earliest Possible Samples Available Date:

Now

### Earliest Possible Data Availability Date:

Now. See attached data provided.
