Notification Date: February 24, 2014

Product Change Notification Number: 1022

Affected Part Number(s): See attachment A for the list of affected part numbers.

Description of Change: The MED928 photodiode listed in the bill of materials of the affected part numbers is being replaced with the TNT928 photodiode. The TNT928 photodiode is being fabricated at a different location and will have a different mask set.

Change Identification: The effective date code for the change is 1409

Reason for Change: The MED928 fabrication location is now closed and the mask set has changed to accommodate the TNT928 fabrication process.

Expected Impact: The change will not impact the form, fit, quality or reliability of the affected part numbers.

Implementation of Change: February 24, 2014.

Cessation of Present Process: February 24, 2014

Assessment: The TNT928 photodiode qualification report is available. Samples are available upon request.

Product Change Notification Authorization:

A handwritten signature in blue ink, appearing to read 'Mike King', written over a white background.
