

## Product Change Notification

---

**Notification Date:** July 27, 2015

**Product Change Notification Number:** 1037 (Reference PCN 1006 issued 07/18/2012)

**Affected Part Numbers:** See Attachment I

**Description of Change:** The photodiode used in this product is being fabricated by a new wafer production line.

- UEC925 photodiode does not have an alternate semiconductor that can be substituted for the affected product.
- The photodiode being fabricated at the new wafer production line has been assigned the part number TC925.

**Change Identification:** The product manufactured with the TC925 photodiode will have the date code M1528 and forward.

**Reason for Change:** The wafer production line fabricating the UEC925 is closed and the UEC925 inventory is depleted.

**Expected Impact:** The change will not affect the form, fit, function, quality, or reliability of this product.

**Implementation of Change:** The change is effective July 10, 2015.

**Cessation of Present Process:** The use of the UEC925 is stopped with immediate effect.

**Assessment:** The TC925 qualification report and samples of product manufactured with the TC925 are available upon request.

**Product Change Notification Authorization:**

**Mike King**  
Product Engineering Manager  
Optoelectronics Business Unit
