

Creative T15 Wireless

Impressive 2.0 Bluetooth wireless speaker system with dedicated tweeters for crisp audio.

Built to impress, the Creative T15 Wireless creates a true 'Hi-Fi' sound stage using dedicated tweeters for highs and custom selected drivers for distinctive midrange. This is coupled with BasXPort technology for enhanced high output bass. Clever connectivity options abound; its features Bluetooth wireless technology for your smart devices, and Line-In for other audio devices as well as a dedicated headphone output for private listening. Finally, separate volume and tone controls are positioned on the speaker's front panel, enabling you to easily and conveniently control and tailor your audio experience.

- **Dedicated tweeters deliver high frequency performance**
- **Dedicated drivers for distinctive midrange audio**
- **Creative BasXPort technology - Large port tube that delivers high output bass**
- **Streams music wirelessly from most stereo Bluetooth devices**
- **Tone control that encompasses treble and bass that tailors to your music playback**
- **10° Optimal angle tilt for excellent audio throw**
- **3.5mm Line-In with headphones out for private listening**
- **Easy-to-access volume and power controls on the front panel**
