

- Gas Soldering Iron
- Ignition via lighter
- Set in metal box

Pyropen

Code No.: T0051606099

Active Tip Heating element technology	---
Power Response Heating element technology	---
Silver Line Heating element technology	---
Voltage	---
Heating output	---
Tip family	---
Power unit	---
WX compatible	---
Temperature range °C	200 - 500
Temperature range °F	392 - 932
Heat-up time	---
Safety rest	---
Safety rest (optional)	---
Barrel	---
Integrated tip extraction	---
