## TE-CR 18 Li - Solo

Cordless Radio

Item No.: 3408015

Ident No.: 11015

Bar Code: 4006825609196

The TE-CR 18 Li-solo cordless radio is the practical and robust workshop radio. With its replaceable system battery, this device can be operated with the same 18 V batteries as all other Power X-Change products. The integral antenna and 10 storage spaces for radio stations allow stations to be selected with flexibility. The radio station and time can be read off the high-quality LCD display quickly and easily. Thanks to the high-quality 90 mm loudspeaker and robust plastic housing, the radio delivers a full sound. For even greater musical enjoyment, the AUX in connector can be used to connect a mobile phone or an MP3 player. Supplied complete with connection cable, but without a battery & charger, as supplement to the Power X-Change series.
