TURNS-COUNTING DIALS

February, 2015

Bourns® Model CT-23 and CT-26 Turns-Counting Dials to be Discontinued

Bourns will be discontinuing the [Model CT-23 and CT-26](#) Turns-Counting Dials. The diminishing demand of these dials has prompted the phase out. The tooling for these dials is also at an end-of-life status.

Regrettably, no direct replacement part numbers are available at this time. However, alternate part numbers that may be used are Models [H-22](#), [H-23](#), and [H-516](#). These models all have analog dials rather than digital counting dials.

| Obsolete Part Numbers |
|-----------------------|
| CT-23-6A |
| CT-23-6M |
| CT-26-6A |
| CT-26-6M |

Please plan for the following deadlines:

Last time buy date: July 30, 2015

Last time ship date: January 30, 2016

Should you have any questions or need additional information, please feel free to contact [Customer Service/Inside Sales](#).
