Change Type: Major

Description of Change:

Cypress released APCN 155371 in March 2015 to announce the planned qualification of proprietary SONOS Technology products at Fab 25 and Test 25 in Austin, Texas. These qualifications were part of the merger activities between Cypress Semiconductor Corporation and Spansion Inc. Cypress is now providing an update on the status of these qualifications and subsequent implementations, as indicated in the table below. Note that the dates are subject to change. Once complete, the qualifications will be announced through regular PCNs.

Benefit of Change:

This transfer will enable Cypress to continue to meet its delivery commitments by having a continued supply from alternate qualified sources.

Affected Part Numbers: 1111

Affected Parts: Please see the attached file for the list of parts affected by this notice.

Qualification Status:

Estimated completion dates for the internal qualification of Cypress parts are provided in the table above.

Approximate Implementation Date:

Estimated implementation dates are from May 2016 through July 2017.

Anticipated Impact:

No impact is expected in datasheet parameters, package composition and package pin-out.

Method of Identification:

Cypress maintains traceability of product to wafer level, including wafer fabrication location, through the lot number marked on the package.

Response Required:

This is an information only announcement. No response is required.

For additional information regarding this change, contact your local sales representative or contact the PCN Administrator at pcn_adm@cypress.com.
