**LF PCN A0101: 0257 Capacity expansion -- additional dial table**

**May 12, 2016**

Dear Valued Customer,

As part of our process to maintain capability and capacity on standard product lines sold to multiple customers, Littelfuse is taking the following actions for the 0257 ATO blade fuse series:

***Littelfuse will add Dial Tables to expand capacity and upgrade technology. There are no changes to the rest of the assembly equipment. This will be additional (versus replacement) capacity, and this action is being taken to protect supply. The new equipment will have no impact on the Form, Fit, or Function of the product.***

The target date for introduction is 16 May 2016.
