0.635 BB ASSY

10663975

GCN Number

Series

52760

March 04, 2015

Date Issued

Reason For Change

Change Construction Or Material

Change Description

This is to inform you of molding material change for housing parts (VECTRA E130 ⇒ VECTRA E473I) of 52760 series (0.635 BB ASSY) currently produced in Molex Japan Plant. Molex's current supplier of resin is going to discontinue the current raw material "VECTRA E130". Following this movement, Molex will start to purchase the new material, Vectra E473I from the same supplier. Also, a form of the current housing will be changed to have lock holes. A reliability test has been conducted to show no quality issues. The change can be identified by showing a special marking on labels. The change is scheduled to start on 1st September, 2015 (Schedule might be changeable due to possible customer inquiries or Molex's internal arrangements). The affected items are as follows

- 527600279, 527600378, 527600379, 527600578, 527600579, 527600678, 527600679, 527600878, 527600979, 527601079, 527601279

\* Molex would like to collect any requests or inquiries within one month after our customers receive this notification.
