TE Connectivity

Product Change Notification: E-16-007582

PCN Date: 27-JUN-16

Customer: Newark Electronics (1327156)

Location: Gaffney

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

2P Wire to Wire Connector

Description of Changes

TE is making a design optimization on 2P wire to wire connector, with the purpose of improving operation experience, especially for tin-dipped stranded wire application. The new proposal is completely qualified to ensure the advantages, which provides lower insertion force while maintaining an obvious higher retention force. Thus a slight change on product appearance has done. Please contact a TE Sales representative or Product Manager if you need more information about this improvement. This change is considered by TE Connectivity as a ; . Location of change, see

Reason for Changes:

Product Improvement. To continuously improve the customer application experience, and make sure TE provide best values to customers.
