TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

COVER 90DEG

Description of Changes

For following component part number we have built a new tool: 965577-1, 965783-1, Tool duplication of a molding tool for the mentioned part number. As a result of our continuous strive for capacity increase of our production, we hereby inform you upfront about a new tool, which is under construction In order to meet all specification requirements to cover increasing market demand and which will run in addition to the current one. As part of this action we also will change the production location from Supplier (Germany) to TE-Oostkamp (Belgium).

Reason for Changes:

Dear Customer, we hereby inform you about a transfer of tools and/or processes. The transfer follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. The new manufacturing location operates under a certified quality management system in accordance with standard automotive requirements. A TE-internal release test based on the relevant part specifications will be executed before delivery. Upon request, a PPAP Level 2 will be available if it concerns a transfer of a tool which produces a finished TE-product. A PPAP Level 1 will be available if it concerns a component of a TE-product, where the production location of the finished TE-product remains unchanged. If you require such a PPAP, please notify the responsible TE Sales Contact within 14 calendar days after receipt of this PCN
