TE Connectivity

Product Change Notification: E-14-000848-C**PCN Date:** 29-OCT-15**Customer:** Newark Electronics (1327156)**Location:** Gaffney**Agreement:** Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

SFP Single Port Cages

Description of Changes

Product design is transitioning from two piece design to one piece design. The base material is also changing from a pre-plated copper alloy to a pre-plated stainless steel. Previous base metal used was pre-plated with tin over nickel. New stainless steel material will be pre-plated with nickel. New one piece design will eliminate the seam along the back wall of the cage making for a more robust design. The change to nickel plating will eliminate the chance for fretting corrosion to occur. Solder tail versions will be tin dipped on the tails

Reason for Cancellation:

PCN is still effective, ECR cancel only because some items needn't be revised.

Part Number(s) being Modified:

Part Number	Part Discontinued per PCN	Customer Drawing	Customer Part Number	Alias Part Number(s)	Substitute Part Number	Substitute Alias Part Number(s)	Description Of Difference
