

Labelling Software

- **TagPrint Pro**

Easily import a variety of image types into the label design

Use any Windows based font in the label design for complete customization

Layer objects like professional page layout programs

Rulers on top and side allow for exact placement of object

Easily change text color, fill color and border color to make text stand out and accomplish 'full reverse' printing

Allow text characters to be stretched or compressed to almost any height or width

Draw lines, circles and boxes on the label as a simple way of making the label look more professional

Features and Benefits
