

**All bits in the handle,  
always and everywhere.**

Why make things complicated, when they can be compact? The practical Wiha LiftUp electric magazine bit holder accommodates up to six common insulated slimBits – and is therefore the ideal portable companion for every electrician. The bit magazine is unlocked at the touch of a button on the two rockers, and the slimBits can easily be removed and re-inserted. A reliably locked magazine prevents anything from being lost when on the move. The rotating cap is used to make working easier: Additional axial force can be exerted by pressing strongly with the hand against the cap, while rotating around the longitudinal axis with the other hand. Uncompromising safety is ensured in production and testing according to IEC 60900:2012, VDE/GS certification and individual part testing at 10,000 V AC.

- **Increases your efficiency**  
Wiha LiftUp electric, saves 75 % volume, 50 % weight for 100 % efficiency!
- **Protects your health**  
No risk of injury as all the blades are safely stored away in the handle.
- **Increased safety**  
Wiha slimBits ensure unrestricted and fully insulated access to low-lying screws.
- **Full protection**  
Internationally award-winning VDE-insulated tools, every individual tool tested at 10,000 V AC.

The Wiha LiftUp electric magazine bit holder is available in two varying bit compositions (SL/PH or SL/PH/XENO PZ)

LiftUp VDE insulated magazine bit holder

**Increased safety:** Wiha slimBits ensure unrestricted and fully insulated access to low-lying screws. **Protects your health:** No risk of injury as all blades are safely stored away in the handle. **Complete protection:** Every individual tool tested at 10,000 V AC. **Increases your efficiency:** Wiha LiftUp electric, saves 75 % volume and 50 % less weight for 100 % efficiency.
