

NEUTRON XS HAZER

Le Maitre
PYROTECHNICS & SPECIAL EFFECTS

*Providing 100
hours of pure haze
from a 2.5L bottle!*

The Neutron XS Hazer utilises Le Maitre's world patented S.T.A.R (Sequentially Tracked Automatic Re-Issue) technology to produce consistently pure haze with no oil, no residue and no noise.

The machine that set new standards for haze, Neutron remains one of Le Maitre's most popular products delivering up to 100 hours of haze from just one 2.5L bottle of fluid. Part of Neutron's success are the simple, straightforward controls. Switch it on and it quietly makes haze. Combine this with its minimal power consumption and built-in self-cleaning mechanism and you have a top of the range hazer that is economical and low maintenance.

Suitable for small to medium sized venues.

FEATURES

- Continuous haze output
- High power quiet single speed fan
- Low fluid consumption: 25cc/hr (80hrs/2L bottle)
- Low power consumption
- Automatic self-cleaning
- Quiet operation
- Optional DMX Interface
- Safe for use on live stage performances
- Warranty – 12 months*
- Made in the UK

** Use of fluids other than Le Maitre will invalidate the warranty*

SPECIFICATION

SIZE (mm): 280(H) x 240(W) x 280(L)

POWER: 230V; 50/60Hz; 250w; 1A

WEIGHT: 11kg

FLUID: Haze

ACCESSORIES: DMX Remote Control

All Le Maitre hazers incorporate the patented S.T.A.R technology, which uses a two-stage low mass heat exchanger technique to produce a fine, pure and consistent haze that hangs in the air for a long period of time. The result is some of the best haze for lighting operators, providing high definition to aerial beams, adding significantly to the impact and drama of lighting and laser rigs.
