

Fordata Reflective LCDs – PRODUCT CHANGE NOTIFICATION – October 2016

Products Affected

(see list below)

Fordata Chip On Board (COB) LCD modules of the REFLECTIVE TYPE

Change Rationale

The printed circuit board has been reformatted to accommodate all variations of LCD mode with the particular “Series”. The PCB will appear different to the previous offering.

What has changed

The only change is the PCB appearance, and the part number which indicates the “version level”

(Mechanics, fitting, connectivity, electrical specification, software/drive, and aesthetics all remain the same)

What considerations are required

Change of part number only.

No re-engineering required

Effective Date of Change

All products manufactured from 1st Jan 2017 will be of the new version. Farnell may be able to support requirements for the original version beyond this date, where Farnell stocks prevail
