- Weight: 0,55 kg
- No load speed: 10.000 - 33.000 1/min

The Grout Removal Kit

Looking for an easier way to get the grout out and make removing wall and floor tiles less painful? This innovative attachment from Dremel attaches easily in place of the housing cap on the front of the Dremel tool, the unique guide keeps the bit at the perfect cutting angle at all times.

- Specially developed for removing grout from between wall and floor tiles.
- The risk of chipped tile edges is greatly reduced compared with slower manual chiselling.
- Easy depth adjustment.
- Guide keeps bit centered between tiles.
- 1.6mm (569) and 3.2mm (570) cutting bits available.
