After Change

Overview

- This PCN is being issued as an addendum to previous PCN numbers (the previous PCN no. is 501364/501261/501140/501141), which were issued to communicate the addition of capacity tooling, for the Molex (Stac64 Family). If you have previously received any of these PCNs please be aware of the following additional information regarding these PCNs: the additional tooling will be qualified and production may be run in either Molex Chengdu or out-sourced to a local qualified molding vendor. Regardless of the location, production conditions will remain the same meaning the same raw material, from the same source, the same process monitoring system and the same quality control plan.
- Product Impact
